## 13. Findings:

- a. This permit is consistent with the Tuolumne County Solid Waste Management Plan.
- b. This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB). Public Resources Code, Section 44010.
- c. The design and operation of the facility is in compliance with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the LEA.
- d. The following local fire protection district has determined that the facility is in conformance with applicable fire standards as required in Public Resources Code, Section 44151: CDF: Tuolumne County Fire Department
- e. The 1983 SWFP indicates Jesse Weigel, DBA Jamestown Landfill Company as operator. However, Tuolumne County has actually been the owner and operator prior to 1980 and the in fact Jesse Weigel DBA Jamestown Landfill Company was only the contract operator. Further, the 1983 RDSI states Mr. Weigel is the soul proprietor of the firm operating the premises under contract. 1988 Waste Discharge Requirements State "The 54 acre facility is owned by Tuolumne County is currently operated under contract by the Jamestown Landfill Company". The 1974 WDR's also indicate Tuolumne County as operator. The current contract operator for Tuolumne County is Central Sierra Landfill, agreement dated 5/27/94.
- f. The Tuolumne County Planning Department found that the changes to the existing SWFP will not have a significant effect on the environment, will result in no environmental effect or would serve to reduce existing environmental effects. Therefore, this permit modification is not subject to CEQA and was deemed exempt. The Notice of Exemption will be filed by County Recorder upon issues of this permit.
